# Youth Center

The Youth Centre is open every day from 11 AM to 9 PM. It currently offers courses of English and French language, workshops of photography, debate, computers, arts and creative workshops, acoustic guitar. Once a week, the centre organizes intercultural evenings and movie nights. All activities are free of charge for the members.

During the whole day, the Youth Centre is also open for young people who want to spend their free time working on the internet, playing games or just chatting with their friends.

## Outdoor activities

Besides the regular every day activities inside the youth center, EVS volunteers can initiate different sport and outdoor activities.

Once a year Youth center Kreaktiv is organizing a big international running race. EVS volunteers are also getting involved in the preparation and organization of the event.

## Summer camp

Every summer, Kreaktiv is organizing a Summer Camp for teenagers between 14 and 18 years old. Youngsters learn about equality, leadership, social and communication skills, healthy lifestyle and active citizenship.

EVS volunteers can lead and implement the activities with the assistance of the youth workers of Youth center Kreaktiv.

## Farm

One of the biggest projects of Kreaktiv is the Organic permaculture Youth farm. With Assistance of experienced youth workers and experts in permaculture are taking care of the farm during the whole year. Through that they learn about growing organic food using permaculture's methods and principles. The harvested products, local youth and EVS volunteers are selling on the local green market.

**SEE YOU AT KREAKTIV! 😊**
